RE: Final Performance Report for Washington State CZM Grant Award NA07OZ0137

Dear Masi:

This letter is notification that Washington State has completed all tasks related to FFY 2000 CZM Award Number NA07OZ0137.

NOAA's December 30, 2002 extension allowing us to reprogram unspent grant funds from local government grants to staff salaries allowed us to continue our processing, analyzing and distribution of shoreline data and information completing our Section 306, Task 1.2 commitments.

If you have any questions regarding this Grant Award please contact Linda Rankin at (360) 407-6527 or via email at lrn461@ecy.wa.gov.

Sincerely,
